Kia Ora Saints:

Another month has passed....I'm still in the states doing some much need deputa-
tion. As you know the US dollar has fallen some 30% in its value on the foreign ex-
change market. This is equivalent of myself and most every other foreign mission-
ary taking a 30% salary cut, as I get paid in US dollars. The need is great but our
God remains greater.

This month my wife and myself had the privilege of presenting the New Zealand
work in a missions conference hosted by Skyline MBC in Madison Alabama. She
and her fine pastor are to be commended for their great efforts. The blessings were
many and so were the tears of love that were shed. We had the honor and privilege
of fellowshiping with missionaries from Scotland, Denmark, Ukraine, France, Af-
rica, Arizona and a ten year veteran from Romania. Missionaries love to be around
other missionaries. Thank you Lord, and Skyline for making this happen.

In His love,
Brother Max
