Kia Ora Special people:

All is Great in the land way down under the land way down under. Australia is way down under and we under them. God is Blessing and we are Rejoicing. This past Sunday I know there was at least five lost people hearing the Gospel. We pray for results there. Another regular visitor Morris is requesting a lesson on Baptism. I will be meeting him this week. Dean, I mentioned last month, who has been Saved and followed his Lord into the waters of Baptism has now led his sister Raquel to the Lord. She has been to the last three services. Dean also brought another friend to services for the first time last Wednesday night. Kieran, (I might be getting the spelling wrong), another friend of Dean has been saved. He also brought his girlfriend to services and she too has made a profession of faith.

Our youth ministry continues to grow averaging in the 40's most every Friday Night. There are a great many young people hearing about the Lord for the first time each week. So, as you can see, God is giving us a great many opportunities to share His Gospel and lead a number of people to the Christ as a result. Thank you Lord. Let me just share with you it is such a privilege to see a ministry flourish that I have had no direct part in organizing. To see church members growing in grace and maturity, taking on these position of leadership on their own, blesses the heart of a pastor.

Our Seminary classes continue to be a blessing. We have only four chapters left in Ezekiel and then we will immerse ourselves into the Book of Daniel. These are exciting studies not only for these young preachers but also for their teacher as well. Amen!

Our Roof is now on and we are dry once again. We have been doing a patch work job ever since we have moved into this old theatre complex. What I would like to do is strangle an architect. Tell me ...who in their right mind ever designs a flat roof? Well, we had one do so in Dunedin and I can tell you from experience, all flat roofs leak. It finally got so bad we needed to reroof. It cost us a mere \$16,000 to complete. By grace we did it on our own and the cost has been absorbed completely by us. Again, such giving by this church family is to be commended. Thank you sweet people for all your prayers and support. God Bless. Until next month ...

In His Love,

Bro. Max
