

Rod Shaull

Ohio Missions

June 2007

Email: rodshaull@yahoo.com

What a great month in Ohio. We had hot, hot, hot weather, over 95 degrees several days. We averaged 54 for the month of June with several family on vacation and sick. But the exciting part of the month was that we baptized three with one more waiting. It was exciting because they were people we have been working with for a long time. A couple in their twenties with two children and a lady in her 70's.

As if that wasn't exciting enough, on visitation we had one saved and helped another lady understand what her salvation was all about. She knows now that you don't have to die to know you are saved.

Then one Monday evening about 8:30 pm I got a call about a man who knew my father and his daughter-in-law works with my brother. She asked me if I would come and talk to her 86 year old father-in-law who was dying of lung cancer. I said I would come Tuesday morning, but was thinking if something happened to him overnight I would not have felt good about it. So I went down to see him Monday evening and we talked and I asked Henry if he had ever had a personal relationship with Jesus. He said no, I then asked him if I could tell him about Jesus and he said no, not tonight, but come back tomorrow, it would be ok. So I went back on Tuesday and Henry and I talked about Jesus and in a weak voice he accepted Jesus Christ as his Saviour. PRAISE THE LORD. Henry went to bed Tuesday night and never woke up. He was off to glory land. It seemed that all he was waiting for was someone to show him the way to eternal life. I did his funeral the following Monday and have been able to witness to several of his family.

Then we attended the national meeting in Tulsa and had a good time of fellowship with all. We had several first time visitors including a man that one of our men shared the gospel with two years ago and has since been saved and looking for a church home. Continue to pray for us as we want to build but need funds. Everything is in place but the slab and lumber. So if you can help us build our new building, please do so.

In His Service,

Bro Rod Shaull
