It was a hot month here in Ohio. We usually average about 6 or 7 days over ninety in the summer. This year we have already had 17 days over ninety and some over ninety five, with a heat index of well over one hundred degrees.

We had a wonderful month with a group from Minden, La., Eastside Baptist Church. Bro Richard Methvin is their pastor. There was 4 adults and 11 teens. They washed the mobile chapel, weeded the property and did some door knocking. They learned that Ohio is not in the Bible belt as a door or two got slammed in their faces. But they never gave up and they were such a blessing to us. These young people are a wonderful example of what teenagers are suppose to be. This can only be taught by parents and the Lord's church. They were truly a blessing to this pastor and the church in Minden.

We averaged 61 for the month of July and has visitors in every service. There are still people visiting with us that need to make moves for the Lord. Please pray that God's will be done in all of our lives here in Ohio. We had one we baptized in July and it was special because this lady is scared to death of the water. But God gave her the grace to follow Him in Baptism.

We continue to visit and some of our members that left us earlier were back in services . We continue to pray they will repent and get back to work for the Lord.

Our land and building are really looking good. People cannot believe that it looks so good after what it looked like when we moved it onto the property. We continue to be ready to build as soon as the Lord supplies the funds. Please continue to pray for us as we seek God's will about building.

In His Service,

Rod Shaull
