November was another wonderful month here in Ohio. The weather is cold, the winds blowing and a little snow has been falling. Our people still continue to come out to the Lord's house. We averaged a bit under 60 for the month. We are still having visitors in all services. Our blessings continue to flow. We were blessed with a young couple Jeremy and Tracy who united with us the last Sunday in November. They come to us from 30th Ave MB Church in St. Petersburg, Fla.. They drive 65 miles one way every Sunday and Wednesday just to be in the Lord's house. They are looking to buy land and build in our area. They have a daughter named Rachel who is 3. They have been such a blessing to us and we are looking forward to serving the Lord together in Clyde.

I got home to Clyde, from California on the 14th of November and want to thank all the churches of California that I visited and that continue to show their love and support for Ohio Missions. Ohio continues to be a tough state to work in as the people have just enough religion to be confused about God's true plan for the world. Only Jesus Christ can save. Most believe because they belong to a church that is all that is necessary. It is hard sometimes to convince them about God's true plan for each life. But He continues to open doors and send people our way. The chapel has made a great difference as it helps to be on our own property. We have truly been blessed in this sense.

We ask special prayer for my son-in-law as on December 10th he will be getting a complete hip replacement and it will be at least a 3 month recovery. He is only 47 and the doctors say unless its done now, he could end up in a wheelchair for life. So please remember Mitch Babcock in your prayers. Also continue to pray for me as December is a bad month for me. It will soon be two years since the Lord called Kathie home. It is somewhat better but I miss her so much. Thank you for your prayers at this time. We are working on getting our new mower and storage shed. We are amazed at what God can do. One company offered us a \$9000 mower for \$5600. We will be purchasing one before to long. Thank you to a very special couple in California. Until next month, Merry Christmas and Happy New Year!

In His Service,  
Rod Shaul
